

ST. CLAIR COUNTY TRANSIT DISTRICT

2026 Mid-America Airport Extension Callbox Installation

ADDENDUM NO. 1:

Issued to All Bid Document Holders of Record

Date: July 31, 2026

Project Name: 2026 Mid-America Airport Extension Callbox Installation

This Addendum forms a part of the Contract described above. The original Contract Documents and any prior Addenda remain in full force and effect except as modified by the following which shall take precedence over any contrary provisions in the prior documents.

Clarification to Contractor Questions:

1. "What they plan to do with the video feed? Does it need to stream 24/7, and will it be routed to their network VMS?"

Clarification: Units being installed shall stream 24/7. The proposed call boxes will not record to a VMS, they will record to an SD card to be purchased, provided by, and installed by SCCTD. Upon SD card installation, the configuration of the recording and motion detection shall be completed by Compass Industries.

2. "Who will be responsible for integration into the St. Clair County VMS system?"

Clarification: As outlined in item 1 above, SCCTD shall provide the SD card. SCCTD shall own, but all data will be managed by Compass Industries.

3. "What are the St. Clair County code requirements and test report requirements referred to in the "Call box activation section?"

Clarification: All equipment shall be installed in accordance with the Code Blue Specifications for the Code Blue Call Box Unit being installed and certified by a Code Blue Certified Technician prior to final acceptance by SCCTD. SCCTD's IT Manager Throttlenet and Compass Industries shall assist to ensure the recorded data can be accessed and retrievable.
