NOTICE TO BIDDERS

County St. Clair
Local Public Agency SCCTD
Section Number NA
Route MetroBikeLink

Sealed proposals for the improvement described below will be received at the office of SCCTD,
27 N. Illinois Street, Belleville, IL until 10:30 AM on July 9, 2024

Sealed proposals will be opened and read publicly at the office of SCCTD
27 N. Illinois Street, Belleville, IL at 10:35 AM on July 9, 2024

DESCRIPTION OF WORK

Name 2024 Trail Sealing Project Length: 22,800 feet (4.3miles)
Location St. Clair County Transit Trails Proposed Improvement Crack seal, apply pavement sealer, replace pavement markings.

1. Plans and proposal forms will be available on the St Clair County website www.scctd.org.

Address

2. [X] Prequalification

If checked, the 2 low bidders must file within 24 hours after the letting an "Affidavit of Availability" (Form BC 57), in duplicate, showing all uncompleted contracts awarded to them and all low bids pending award for Federal, State, County, Municipal and private work. One original shall be filed with the Awarding Authority and one original with the IDOT District Office.

3. The Awarding Authority reserves the right to waive technicalities and to reject any or all proposals as provided in BLRS Special Provision for Bidding Requirements and Conditions for Contract Proposals.

4. The following BLR Forms shall be returned by the bidder to the Awarding Authority:

- a. BLR 12200: Local Public Agency Formal Contract Proposal
b. BLR 12200a Schedule of Prices
c. BLR 12230: Proposal Bid Bond (if applicable)
d. BLR 12325: Apprenticeship or Training Program Certification (do not use for federally funded projects)
e. BLR 12326: Affidavit of Illinois Business Office

5. The quantities appearing in the bid schedule are approximate and are prepared for the comparison of bids. Payment to the Contractor will be made only for the actual quantities of work performed and accepted or materials furnished according to the contract. The scheduled quantities of work to be done and materials to be furnished may be increased, decreased or omitted as hereinafter provided.

6. Submission of a bid shall be conclusive assurance and warranty the bidder has examined the plans and understands all requirements for the performance of work. The bidder will be responsible for all errors in the proposal resulting from failure or neglect to conduct an in-depth examination. The Awarding Authority will, in no case be responsible for any costs, expenses, losses or changes in anticipated profits resulting from such failure or neglect of the bidder.

7. The bidder shall take no advantage of any error or omission in the proposal and advertised contract.

8. If a special envelope is supplied by the Awarding Authority, each proposal should be submitted in that envelope furnished by the Awarding Agency and the blank spaces on the envelope shall be filled in correctly to clearly indicate its contents. When an envelope other than the special one furnished by the Awarding Authority is used, it shall be marked to clearly indicate its contents. When sent by mail, the sealed proposal shall be addressed to the Awarding Authority at the address and in care of the official in whose office the bids are to be received. All proposals shall be filed prior to the time and at the place specified in the Notice to Bidders. Proposals received after the time specified will be returned to the bidder unopened.

9. Permission will be given to a bidder to withdraw a proposal if the bidder makes the request in writing or in person before the time for opening proposals.

10. The Contractor shall submit any questions regarding the bid booklet by 3:00 PM on Friday, May17, 2019. No questions regarding the plans will be taken after this time. Answers/addenda will be sent via email only, so please register your email when picking up plan sets.

PROPOSAL

County St. Clair
Local Public Agency SCCTD
Section Number NA
Route MetroBikeLink

1. Proposal of

for the improvement of the above section by the construction of

Seal cracks, apply pavement sealer, and replace pavement markings on trails below:

From NSRR North Along Shiloh Station Rd.

From IL-159 to Belleville Memorial Metrolink Station

Entirety of Orchard Loop Trail Phase II.

Crack Seal Entire Trail System

(See attached exhibits)

a total distance of 163,680 feet, of which a distance of 22,800 feet, (4.3 miles) are to be improved.

2. The plans for the proposed work are those prepared by SCCTD and approved by the ~~Department of Transportation on~~ SCCTD

3. The specifications referred to herein are those prepared by the Department of Transportation and designated as "Standard Specifications for Road and Bridge Construction" and the "Supplemental Specifications and Recurring Special Provisions" thereto, adopted and in effect on the date of invitation for bids.

4. ~~The undersigned agrees to accept, as part of the contract, the applicable Special Provisions indicated on the "Check Sheet for Recurring Special Provisions" contained in this proposal.~~

5. The undersigned agrees to complete the work within _____ working days or by October 15, 2024 unless additional time is granted in accordance with the specifications.

6. ~~A proposal guaranty in the proper amount, as specified in BLRS Special Provision for Bidding Requirements and Conditions for Contract Proposals, will be required. Bid Bonds WILL be allowed as a proposal guaranty. Accompanying this proposal is either a bid bond if allowed, on Department form BLR 12230 or a proposal guaranty check, complying with the specifications, made payable to:~~

Treasurer of _____

The amount of the check is _____ (_____).

7. ~~In the event that one proposal guaranty check is intended to cover two or more proposals, the amount must be equal to the sum of the proposal guaranties, which would be required for each individual proposal. If the proposal guaranty check is placed in another proposal, it will be found in the proposal for: Section Number _____~~

8. The successful bidder at the time of execution of the contract WILL be required to deposit a contract bond for the full amount of the award. When a contract bond is not required, the proposal guaranty check will be held in lieu thereof. If this proposal is accepted and the undersigned fails to execute a contract and contract bond as required, it is hereby agreed that the Bid Bond or check shall be forfeited to the Awarding Authority.

9. Each pay item should have a unit price and a total price. If no total price is shown or if there is a discrepancy between the product of the unit price multiplied by the quantity, the unit price shall govern. If a unit price is omitted, the total price will be divided by the quantity in order to establish a unit price.

RETURN WITH BID

- ~~10.~~ A bid will be declared unacceptable if neither a unit price nor a total price is shown.
- ~~11.~~ The undersigned submits herewith the schedule of prices on BLR 12200a covering the work to be performed under this contract.
- ~~12.~~ The undersigned further agrees that if awarded the contract for the sections contained in the combinations on BLR 12200a, the work shall be in accordance with the requirements of each individual proposal for the multiple bid specified in the Schedule for Multiple Bids below.

SCHEDULE OF PRICES

A bid will be declared unacceptable if neither a unit price nor total price is shown.

RETURN WITH BID

CONTRACTOR CERTIFICATIONS

County St. Clair
Local Public Agency SCCTD
Section Number NA
Route MetroBikeLink

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.

2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.

4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

We ,

a/an) Individual Co-partnership Corporation organized under the laws of the State of

as PRINCIPAL, and

as SURETY,

are held and firmly bound unto the above Local Agency (hereafter referred to as "LA") in the penal sum of

Dollars (), lawful money of the United States, well and truly to be paid unto said LA, for the payment of which we bind ourselves, our heirs, executors, administrators, successors, jointly to pay to the LA this sum under the conditions of this instrument.

WHEREAS THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH that, the said Principal has entered into a written contract with the LA acting through its awarding authority for the construction of work on the above section, which contract is hereby referred to and made a part hereof, as if written herein at length, and whereby the said Principal has promised and agreed to perform said work in accordance with the terms of said contract, and has promised to pay all sums of money due for any labor, materials, apparatus, fixtures or machinery furnished to such Principal for the purpose of performing such work and has further agreed to pay all direct and indirect damages to any person, firm, company or corporation suffered or sustained on account of the performance of such work during the time thereof and until such work is completed and accepted; and has further agreed that this bond shall inure to the benefit of any person, firm, company or corporation to whom any money may be due from the Principal, subcontractor or otherwise for any such labor, materials, apparatus, fixtures or machinery so furnished and that suit may be maintained on such bond by any such person, firm, company or corporation for the recovery of any such money.

NOW THEREFORE, if the said Principal shall well and truly perform said work in accordance with the terms of said contract, and shall pay all sums of money due or to become due for any labor, materials, apparatus, fixtures or machinery furnished to him for the purpose of constructing such work, and shall commence and complete the work within the time prescribed in said contract, and shall pay and discharge all damages, direct and indirect, that may be suffered or sustained on account of such work during the time of the performance thereof and until the said work shall have been accepted, and shall hold the LA and its awarding authority harmless on account of any such damages and shall in all respects fully and faithfully comply with all the provisions, conditions and requirements of said contract, then this obligation to be void; otherwise to remain in full force and effect.

LR107	Special Provision for Insurance

Where "Inspector" is stated in these Specifications or parts of the above listed specifications and special provisions, it shall mean the authorized representative of the Engineer assigned to make detailed observations of any or all portions of the work or material therefore. This activity is not to be interpreted as an inspection service, a construction supervision service or a guarantee of the Contractor's performance. The Inspector will not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs. The Inspector will not be responsible for the Contractor's obligation to carry out the work in accordance with the Contract Documents.

COMPLETION DATE

Contractor shall complete the work by **October 15, 2024**.

CONSTRUCTION CONTRACTS

The combined efforts of the Contractor and Sub-contractor(s) shall need to encompass the following IDOT prequalification's: 015 Cover and Seal Coats. All entities must be certified/prequalified on the letting date.

The Notice to Bidders together with all other documents in accordance with Article 101.09 of the Standard Specifications, become part of the contract. Bidders are cautioned to read and carefully examine all documents, to make all required inspections, and to inquire or seek explanation of the same prior to submission of a bid.

This contract will be awarded to the lowest responsive and responsible bidder considering conformity with the terms and conditions established by the Owner in the rules, Invitation for Bids and contract documents. The issuance of plans and proposal forms for bidding based upon a prequalification rating shall not be the sole determinant of responsibility. The Owner reserves the right to determine responsibility at the time of award, to reject any or all proposals, to re-advertise the proposed improvement, and to waive technicalities.

The successful bidder, as a condition of this contract, must submit evidence that he/she has conducted a pre-job conference with his sub-contractors and their employees, or the employees' duly recognized representatives and union officials, to determine employee jurisdiction, job assignment and work schedules. This requirement is to promote industrial harmony and to eliminate work stoppage and jurisdictional disputes. Said pre-job conference shall be conducted at least fourteen (14) days prior to any construction.

PREVAILING WAGES & PROJECT LABOR AGREEMENT (PLA)

Not less than the prevailing rate of wages as found by the County or Department of Labor or determined by the Court on review, shall be paid to all laborers, workmen, and mechanics performing work on this Contract. A PLA shall be required to be in place and submitted with contract documents and in place prior to the Notice to Proceed being issued.

TAXES

The owner is exempt from Illinois sales tax for materials to be incorporated into or consumed in the construction of the project. The Tax Exemption Certification form will be supplied to the Contractor at the Pre-Construction meeting. Contractor is to use this in the purchase of all equipment and

materials.

SITE INSPECTION

The Contractor shall be responsible for a physical, on-site inspection prior to submitting a bid on this project. Contractor is required to notify SCCTD 24 hours in advance they will be completing a site visit. Please note that the trail will be open to pedestrian and bicycle traffic during this time, and potential Contractors shall yield the right-of-way at all times to trail users.

Upon receipt of a bid, it shall be assumed that the Contractor is fully familiar with the construction site and existing trail conditions, include the amount, depth, etc. of existing cracks to be sealed. The Contractor shall submit any questions via email to arauscher@scctd.org and terwin@scctd.org regarding the bid booklet by 3:00 PM on **July 3, 2024**. No questions regarding the plans will be taken after this time. Answers/addenda will be sent via email only, so please register your email when picking up plan sets.

LOAD RATING OF BRIDGES

The Contractor shall confirm their equipment will comply with the load rating signage posted at each pedestrian bridge along the trail.

SAFETY AND PROTECTION

Contractor shall be responsible for initiating, maintaining and supervising all safety and precautions and programs in connection with the Work. Contractor shall take all necessary precautions for the safety of, and shall provide necessary protection to prevent damage, injury or loss to:

1. All employees on the Work and other persons and organizations who may be affected thereby;
2. All the work and materials and equipment to be incorporated therein, whether in storage on or off site; and
3. Other property at the site adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities and underground facilities not designated for removal, relocation or replacement in the course of construction.

Contractor shall comply with all applicable Laws and Regulations of any public body having jurisdiction for the safety of persons and property or to protect them from damage, injury or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify owners of adjacent property and of underground facilities and utility owners when prosecution of the Work may affect them and shall cooperate with them in the protection, removal, relocation and replacement of their property.

All damage, injury or loss to any property referred to in paragraph 2 or 3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier or any other person or organization directly or indirectly employed by any of them to perform or furnish any of the work or for anyone whose acts either directly or indirectly employed by any of them may be liable, shall be remedied by Contractor, except damage or loss attributable to the fault of drawings or Specifications or to the acts either of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor. Contractor's duties and responsibilities

for the safety and protection of the Work shall continue until such time as all the Work is completed and Engineer has issued a notice to Owner and Contractor that the Work is acceptable.

Contractor shall designate a responsible representative at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent, unless otherwise designated in writing by Contractor to Owner.

In EMERGENCIES affecting the safety or protection of persons or the Work or property at the site or adjacent thereto, Contractor, without special instructions or authorization from Engineer or Owner, is obligated to act to prevent threatened damage injury or loss. Contractor shall give Engineer prompt, written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents are required because of action taken in response to an emergency, a Work Directive Change or Change Order will be issued to document the consequences of the changes or variations.

Compliance with this Special Provision shall be considered included in the LUMP SUM cost of the project and no additional compensation will be allowed for any costs incurred.

WORK ADJACENT TO METROLINK

Contractors do not have to obtain weekly work permits from Metro for this project.

All Contractor employees WILL BE REQUIRED to obtain a minimum of a Tier 1 Certification from MetroLink. Contact Metro for dates of scheduled classes.

Compliance with this Special Provision shall be considered included in the LUMP SUM cost of the project and no additional compensation will be allowed for any costs incurred.

CONSTRUCTION ACCESS

Access to the trail system can be made from public right-of-way along the alignment of the project.

The Contractor shall coordinate with all agencies having authority, at or over, any of the access points. The Engineer will assist with the coordination; however, it is the Contractor's responsibility.

If necessary, the Contractor shall furnish CA-6 aggregate for temporary access and maintain an all-weather construction access to prevent mud from being deposited onto adjacent public roadways. When access at these locations is no longer required, any material needed for access shall be removed and the areas restored to their original appearance and condition in accordance with the Engineer.

Compliance with this Special Provision shall be considered included in the LUMP SUM cost of the project and no additional compensation will be allowed for any costs incurred.

TRAFFIC CONTROL

When work is being performed, the Contractor shall be fully aware of and yield the right-of-way to all trail users. If necessary, Contractor shall employ necessary methods such as trail lookouts to monitor trail traffic during construction activities.

When necessary for safety and constructability, the Contractor shall employ necessary traffic control methods to close the trail to pedestrian and bicycle traffic (see Special Provision TRAIL CLOSURE). The Contractor will be responsible to furnish and place all traffic control devices required for trail closure to ensure work zone is safe during all construction operations and that completed work is not harmed, marred or otherwise damaged until curing of various material applications are complete. When closing the trail, the Contractor shall:

- Provide SCCTD 48-hr notice prior to starting work in order to provide adequate time to coordinate the trail closures.
- Notify trail users of upcoming trail closures by posting notification signage along trail a full 48-hours prior to closure. Signage can be temporary in nature (reasonably weatherproof) and should note exact dates and times of upcoming closures.

Compliance with this Special Provision shall be considered included in the LUMP SUM cost of the project and no additional compensation will be allowed for any costs incurred.

TRAIL CLOSURE

The MetroBikeLink Trail shall be closed while working on the trail. For crack sealing and pavement patching operations, the trail shall be closed in only the sections that are being worked on. During sealing and striping operations, the entire length of project shall be closed. Full closure shall be allowed for a maximum of 3 days total.

CRACK SEALING & EDGING

This work shall consist of all labor, equipment, and materials necessary to furnish and place crack sealant. Material shall conform to Star Elastobond PLS. Pavement Sealer shall be a MAC 52 Pavement Sealer to include 2 pounds of sand per gallon of product. Contractor to verify that crack sealing material provided will be compatible with the Protective Surface Treatment material being placed.

Cracks must be cleaned thoroughly with high velocity air blowers or other means, removing all dirt, debris, foliage and foreign material prior to filling.

All cracks are to be filled in accordance with manufacturer's requirements and to the satisfaction of the Owner or the Engineer.

All trail edges shall be clear of foliage and debris prior to the crack sealing and pavement sealing being completed.

This work shall be accomplished under partial trail closure (see TRAIL CLOSURE).

This work will NOT be measured and paid for separately. Compliance with this Special Provision shall be considered included in the LUMP SUM cost of the project and no additional compensation will be allowed for any costs incurred.

PROTECTIVE SURFACE TREATMENT

This work shall consist of all labor, equipment and materials necessary to furnish and place a single coat of refined coal tar protective surface treatment on the existing trail surface.

Prior to applying the surface treatment, the existing asphalt trail surface shall be clean, sound, and surface cured:

- All cracks in the pavement must be properly filled (see CRACK SEALING special provision).
- The surface shall be free from any sand, clay, dust, oil, grease or other foreign matter. Insure this by hand brooming, power brooming, or by the employment of high velocity air blowers.
- Oil and grease spots which have accumulated on the pavement surface shall be scraped or heated using a propane torch, if necessary, then sealed off per manufacturer's recommendations prior to the application of Protective Surface Treatment.
- Care must be taken not to overspray at non-asphaltic surfaces such as octagonal Metro logo pads, SCCTD concrete pads, bridge approach slabs, etc. The contractor will be responsible for complete cleanup of any overspray.

The protective surface treatment shall be MAC 52 to include 2 pounds of sand per gallon of project being used.

The Contractor shall follow manufacturer instructions for the placement of the material. The Contractor shall not place materials when weather is foggy or rainy. The ambient temperature and relative humidity must meet manufacturer's requirements. Favorable weather conditions must be forecasted for 24 hours following application.

This work shall be accomplished under trail closure (see TRAIL CLOSURE). The completed application shall be allowed to cure for a minimum of 24 hours and then tested for trafficability before opening trail up to traffic.

This work will NOT be measured and paid for separately. Compliance with this Special Provision shall be considered included in the LUMP SUM cost of the project and no additional compensation will be allowed for any costs incurred.

PAVEMENT PATCHING

This work shall consist of all labor, equipment, and materials necessary to remove and replace existing pavement. All pavement patching shall consist of saw cutting the full width of the trail of the damaged area, excavate to a depth to provide 8-inches of compacted CA-6 (as required) with a 3-inch Bituminous Asphalt N-50 overlay. Pavement patching shall be at unit price per s.f., locations will be determined during construction. Unit Price for pavement patching shall be based on a minimum of 200 s.f.

This work shall be accomplished under partial trail closure (see TRAIL CLOSURE).

This work will be measured and paid for separately. Compliance with this Special Provision shall be considered included in the UNIT PRICE cost of the project for Pavement Patching and no additional compensation will be allowed for any costs incurred.

PAVEMENT CRACK SEALING LOCATIONS

These locations include the entire system excluding the sealing locations for bidding.

- Fairview Heights MetroLink Station to Scott Shiloh MetroLink Station to include the trail section from Green Mount Road to the Plum Hill Subdivision and the South Entrance to SWIC.
- MetroLink Bike Trail South to the Orchards Trail to include the Mascoutah Ave and Orchards Trail Head Parkinglots
- Old Collinsville Rd from Lebanon Ave to Frank Scott Parkway
- St Ellen trail from Old Collinsville Rd to Hartman Lane including the Long Street Connection
- Front Street from Trendley Ave north to Winter St.

PAINT PAVEMENT MARKING

This work shall consist of all labor, equipment, and materials necessary to furnish and place paint pavement markings. Material shall conform to Section 1095 of the Standard Specifications or approved equal. Contractor to verify that material provided will be compatible with the Protective Surface Treatment material provided.

The proposed pavement markings are to match the existing pavement markings including but not limited to:

- Continuous, solid, 4" wide, yellow centerline stripe on all trail surfaces
- White stop bars and crosswalk stripes
- White hatch lines at retaining walls

The Contractor shall follow Standard Specifications and manufacturer's instructions for the placement of the material. Pavement shall be clean and dry. The Contractor shall not place materials when weather is foggy or rainy. The ambient temperature and relative humidity must meet manufacturer's requirements. Favorable weather conditions must be forecasted for 24 hours following application.

This work shall be accomplished under trail closure (see TRAIL CLOSURE).

This work will NOT be measured and paid for separately. Compliance with this Special Provision shall be considered included in the LUMP SUM cost of the project and no additional compensation will be allowed for any costs incurred.

APPROXIMATE QUANTITIES

Quantities are not included as part of this bid package and the overall length was based on aerial photography and completed construction plans at the time of construction. It shall be the contractor's responsibility to verify all material quantities prior to submitting their bid.
