Resident Notification

Re: Tecklenburg Trail – 66th Construction

Dear Resident,

As you are aware the St. Clair County Transit District is constructing a Shared Use Path on 66th St from Main Street over Rt 161 to Dutch Hollow Road. As part of the project, we will be refurbishing 66th St., which will include regrading, shaping and finishing with an asphalt surface to include aggregate shoulders. We are working with the City of Belleville, Stookey Township and St Clair Township to make these improvements.

Hanks Excavating and Landscaping will begin this work on October 14th and be completed by November 1st, weather permitting. During construction there will be periodic closures while they prepare the pavement for the asphalt surface, but traffic will be permitted through when it is safe

We ask that you forward this notice to your local schools, trash hauler and post office. We will inform the local 911 office, fire department and police departments. We ask for your patience and understanding while this work is taking place. As mentioned above you will have access during work hours as directed by the construction flaggers.

If you have any questions regarding the above, please contact your local Municipality or Township office representative at your convenience at the contacts below.

City of Belleville
618-239-3454

Stookey Township
618-538-7700

St Clair Township
618-233-3437

Sincerely,

Ken Sharkey
Managing Director
St Clair County Transit District
